

Thurs., July 19th, 2018
12:00 PM to 1:00 PM

Lunch provided at 11:30 AM

101 South 200 East, Suite 300, Salt Lake City, Utah 84111

Join us for a seminar on opioids in the workplace presented by Dr. Melissa Cheng, an Assistant Professor of Family and Preventive Medicine in the University of Utah's School of Medicine. As opioid use becomes a more prevalent issue across the country, understanding how opioid use can affect your employees and workplace is more important than ever.
