

## Personal Lines

### Moreton & Company Personal Lines Solutions

Moreton & Company is a leading insurance broker that has been delivering client-focused service and insurance solutions for over 100 years. Our dedicated advisors provide our clients with innovative solutions, local support, excellent value, and peace of mind.

#### Homeowners: Traditional, Historic, Multi-State, Rental, Seasonal, and Secondary Properties

We understand homes of all styles and ages; condominiums, cooperatives, apartments, century-old homes, and newly built homes. We also understand that your home is an investment, both financially and emotionally. If anything disastrous should happen to your home, you want an insurance policy broad enough to help repair, replace, or rebuild it as it was before—even if it exceeds the limit of your policy. The truth is that not all policies provide this. Our markets offer choices and features not typically found in standard policies, and can be tailored to specifically meet your needs.

#### Automobile: Standard, Collector, Classic, Antique, Recreational Vehicles, and Motorcycles

Automobile policies are not created equal. If you appreciate superior craftsmanship, performance, and comfort in your vehicle, you'll appreciate the higher standards for auto coverage and service offered by our markets.

#### Valuables: Jewelry, Fine Art, Coins, Wine, & Other Collectibles

Standard homeowners policies have specific limitations for protection of valuable items. A standard homeowners policy limits coverage on jewelry to \$1,500 for theft only. Whether it's jewelry, paintings, antiques, firearms, or memorabilia, we can help protect the possessions you cherish most.

#### Personal Wealth & Assets: Excess liability limits up to \$100 million

No one likes to think that they could be sued. What if you cause an auto accident and the driver of the other car has injuries or the delivery person slips on your icy steps and breaks a leg? These events could easily result in a lawsuit and your auto or homeowners policy may not provide enough protection. Umbrella coverage offers protection over and above the liability coverage offered on homeowners and automobile policies, thereby safeguarding savings, investments, homes, valuable collections, and future income.
